Greetings

To Our Friends:

It is with pleasure that we present you with our Dahlia Catalog for 1939. Your generous and kind support is thoroughly appreciated and inspires us to continued efforts to make available to you only the best.

This catalog would not be complete if we were not to take advantage of the opportunity to thank you for your many letters telling of success obtained from stock purchased from me. We are grateful to those who have been able to visit our gardens as well as those who have inspected our exhibits at many of the shows we attended.

To those who are familiar with our stock, no introduction is necessary and you have our word that the same quality will not only continue, but improve if such is possible. To those who have not tried our service, this is an invitation, that will prove a real opportunity for you to realize something you may not have been able to obtain elsewhere. No order is too small nor is any contract too large. We are pleased to serve you.

Mr. Gordon Waaser, of Baldwin, N. Y., will grow all our seedlings for the New York Show this coming season.

Canadian Regulations—To import plants, bulbs, roots and other nursery stock into Canada, a special permit must be obtained from the Secretary of Destructive Insect and Pest Act Advisory Board, Dept. of Agriculture, Ottawa, Ontario. He will issue the permit and supply information as to how it is to be used.

O. B. Geer

Our Guarantee

That our roots, plants and rooted cuttings are absolutely free from disease, are true to name, and will grow as we describe them.

Our stock is sold at prices that are as reasonable as it is possible to make them, and where we have large stock of some varieties our prices are lower than of those that send our inferior roots.

We ship all orders prepaid, by parcel post or express so that you need not spend another cent after your order is paid to us. We see to it that your roots, plants or rooted cuttings will arrive safely and in good condition.

We always include in our orders a surprise to you by including some variety of merit.

While we grow close to 400 varieties, both American and European, many of which we have not enough stock to list, as among these are new creation that will be released later by their originator, or by us as sale distributors, as well as introducing our own originations.

While we maintain a trial gardens for our customers and other growers, in testing out seedling of which we make no charges, we must ask that our good friends write us before shipping any seedlings.

May we ask that your order be sent to us as early as possible, so that we may not be obliged to tell you we are sold out of some varieties.

Plants 75c; R. C. 50c

GREATER GLORY—(I. C.) Rose pink of great size.

Plants \$1.00; R. C. 60c

GREAT EASTERN—(I. D.) A big fellow that can be grown to 14 inches. The color is a blend of orange and reddish bronze. A beautiful color combination that remind you of various hues of the forests in late fall.

Roots \$1.50; Plants 75c; R. C. 50c

GENEVA BEAUTY—(F. D.) We are proud to be the originators of this beautiful dahlia of a nopal red with a darker center. Was on the 1936 Honor Roll, as well as receiving a certificate of honor at Georgia. It is an early bloomer on long, slender cane, long keeper when cut. The stock of this dahlia is still very limited.

Roots 75c

GENEVA GIANT—An immense semi-cactus of chrome yellow center blending to apricot, reverse of petals are of red orange. The petals have a graceful twist which gives it a combination of color that is not only beautiful but beyond words to describe. Blooms 10 to 13 inches with a great deal of depth held up on stiff stem 6 to 8 inches above the first set of leaves. It has been one of the favorites in our garden, as well as two other gardens in Long Island and in La Mesa, California.

Roots \$5.00; Plants \$1.50; R. C. \$1.00

GOLDEN BEAUTY—(I. D.) Apricot-yellow splashed with jasper pink. General tone is pinkish yellow.

Plants \$1.00; R. C. 50c

MAD RIVER CHIEF—(I. D.) A large rich velvety carmine red, with dark center.

Plants \$1.00; R. C. 60c

MASCOTTE—(I. C.) A deep rose with yellow suffusions at center. Good habit and strong stems.

Plants 75c; R. C. 50c

MEMORIAL—(I. D.) A clear yellow of good size that is different than other yellow variety.

Roots \$5.00; Plants \$2.50, 3 for \$5.00; R. C. \$1.25

MISS ENGLEWOOD—(I. D.) Spectrum red and carmine, reverse of petals buff yellow.

Plants \$1.00; R. C. 50c

MISS INDIANA—(I. D.) The color tone are like those of the peony Mons Jules Elie at its best. It is of a pink with a reverse of petals deep pink, almost red. Under artificial light glows through with an enchanting iridescence, enhancing its beauty. We believe that this dahlia has been under-priced for such a dahlia of beauty. Can be cut in the bud stage, and will open up completely in water.

Roots \$1.00; Plants 75c; R. C. 50c

MRS. C. B. CUNNINGHAM—(I. D.) Large red and blooms almost on top of a long straight stem.

If you are not already a member, join and support your local or State Dahlia Society. If there is no society in your vicinity, join the American Dahlia Society. The dues of \$2.00 per year include a year's subscription to the A. D. S. quarterly bulletin which alone is worth many times the small investment for dues. Send your application and \$2.00 to C. Louis

JOIN THE AMERICAN DAHLIA SOCIETY

We invite our friends and customers to join the American Dahlia Society and become a part of this great National organization whose interest is devoted solely to the improvement of the Dahlia.

The Quarterly Bulletin—a real Dahlia Magazine—gives all the up to date Dahlia news, information about, and illustrations of new varieties, the latest cultural hints and is a real worth while guide to any lover of Dahlias. The Bulletin alone is worth many times the cost of the annual dues.

Trial Gardens are maintained at Connecticut College, Storrs, Connecticut, and The Michigan Agricultural College, East Lansing, Michigan, where new varieties are tested and scored each year. A test garden is also maintained at Cornell University, Ithaca, New York, for research work on insect and disease control. Full reports from all these gardens are published from time to time.

Dahlia “fans” in every state of the Union and many foreign countries are members and frequently contribute news to the Bulletin. Membership includes admission, and the privilege of exhibiting at all our National exhibitions which are held each September in some National center.

Dues \$2.00 per year
